

We invite you to come and see our new plans for Oakhall Church on the Garrod House site.

We are grateful for so much support over these years that we have been trying to bring a building that will benefit our community of Caterham to the Garrod site.

We are very pleased to share with you the drawings we enclose here and hope that soon, subject to the Tandridge Planners approval, we will be able to take down crumbling Garrod House and replace it with a sensitively designed home for Oakhall Church that will prove to be a good neighbour to you and others in our town.

We invite you to come and join us in a few days time to talk through the plans over a cup of tea or coffee in our present building in Francis Road – we hope that you can join us:

Tuesday 22 July 3-7pm at Oakhall Church, Francis Road

We will have large drawings for us to pore over together and will be available to chat about anything you would like us to. As we are still finalising the designs, your comments and thoughts will help to shape the design of the building that we will apply to Tandridge to build.

We will continue to keep you posted as this journey towards making a new home for Oakhall Church on the Garrod site continues.

With warm greetings, - Andy Mayo on behalf of Oakhall Church

New to Caterham? Here's some background...

Oakhall Church – involved in the community of Caterham since 1894 – is seeking to move from Francis Road (off Westway) to the presently derelict Garrod Site in Chaldon Road where we hope to create a welcoming church centre. We want to keep everyone informed as we continue...

A New Home for Oakhall Church

Location: *These plans show the main church building on the corner at the junction of Chaldon Road and Heath Road, with a smaller Church Hall fronting Heath Road.*

Access: *Cars access the site via Heath Road and leave via Chaldon Road, with parking to the rear of the buildings.*

Design: *We are carefully considering issues such as parking, traffic, general activity along with design issues relating to the scale, position and design of buildings.*

Details of all of this and other work we have done will be available at our event on Tuesday 22nd July 3-7pm at Francis Road - we hope that you can join us.

Who's invited to see the church building design on 22nd July 3-7pm at Francis Road?

We've sent this leaflet to all of our neighbours near to Garrod House along with other interested parties including both District and Parish Councillors but all are welcome – even without this invitation!

Who else will hear my comments?

In accordance with the Council's community involvement procedures all feedback received through this consultation exercise is likely to be presented as part of any future planning submission.

Does this change the normal planning procedure?

No, this is an extra level of consultation that we as a church wanted to carry out because we want you to be involved.

What if I can't come?

If you can't make it to the event, you can still let us know what you think by writing to us at the church office using the details below. Please get these to us by 25th July so that we can take your thoughts into account. If it's just to chat about the design, please call us on 01883 349627 or 07709 999943.
