

# Oakhall Church **BUILDING**

**BULLETIN**  
MARCH 2018

*We continue towards completing the new church building: a tool for **reaching** others, a venue for **building** in discipleship and a springboard for **sending** out and mobilising Gospel-sharers!*

*We are praising God for three great breakthroughs...*

## **1) PLANNING PERMISSION GRANTED FOR THE OAKS!**

We have been praying for planning permission to develop the Oaks. Now permission has been granted! We praise God. This permission locks in the value of the site and makes it even more “saleable”. We have a buyer hoping to purchase the Oaks from the Oaks Christian trust. We pray now that the Oaks will be sold - whether to the current developer or a new one.

## **2) UNIT COUNT IS RISING: 162 SO FAR!**

In this last phase of saving and giving, we set ourselves the goal of 400 units to raise - each unit being worth £3000. All sorts of imaginative, entrepreneurial and sacrificial initiatives are underway. Thank you so much for all that has been given. We praise God together and we pray on for God’s provision as we sacrificially give. For the latest “Unit Count” browse to: [www.OakhallChurch.org.uk/units](http://www.OakhallChurch.org.uk/units)

## **3) THE BUILDING IS GROWING EACH DAY!**

Despite snow and other challenges, the building is looking spectacular and enormous! A gallery of the latest pictures including this one of the builders on the roof is at: [www.OHCB.net](http://www.OHCB.net)

*We praise God and pray on together!*
